5. AGFA-Geide has laboratories for synthetic silk, carbon disulphide, active charcoal, and synthetic fibres, but laboratory work is limited because a large part of the equipment was dismantled in 1945. The laboratory employs 3 scientists, 11 technicians (6 men, 5 women), and 152 assistants (71 men, 81 women).
6. The factory has 85 railroad cars, 5 passenger cars, 3 trucks, and 1 trailer at its disposal.
